## Efekty uczenia się i metody weryfikacji osiągnięcia efektów uczenia się

| Opis efektu                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Symbole efektów | Metody weryfikacji                                                                                                                                                                                                                                                                                 | Forma zajęć                                               |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------|
| A student has a general knowledge about social structures and knows theories and results of research about the structures. The student knows social differences and lack of equality and its' influence on existing and functioning social groups. The student knows the basics about economy and its' influence on social structures and social mobility. The student knows the most important changes of social structures in Polish society and can formulate her/his own opinions about it and analyze it by using theories and selected data. The student can search, collect and synthesize information about phenomena of social structure and can use it during discussion and preparing take-home papers. |                 | <ul style="list-style-type: none"><li>Final grade is average of exam and classes grade. Individual written exam in form of test. Classes grade is average of: a) mark because of active participating in class discussions; b) take-home group written paper (small groups 3-4 persons).</li></ul> | <ul style="list-style-type: none"><li>Ćwiczenia</li></ul> |

## Warunki zaliczenia

Final grade is average of exam and classes grade. Individual written exam in form of test. Classes grade is average of: a) mark because of active participating in class discussions; b) take-home group written paper (small groups 3-4 persons).

## Literatura podstawowa

1. Słomczyński K.M. (ed.), Social Structure: Changes and Linkages. The Advanced Phase of the Post-Communist Transition In Poland, Wydawnictwo Instytutu Filozofii i Socjologii Polskiej Akademii Nauk, Warszawa 2002.

## Literatura uzupełniająca

1. Goldthorpe J.H., Social mobility and class structure in modern Britain, Clarendon Press, Oxford 1980.
2. Adamski, P. Machonin, W. Zapf (red.), Structural Change and Modernization in Post-Socialist Societies, red. W. "Krämer", Hamburg 2002.

## Uwagi

the subject can be run every semester, in case there is not enough persons to make a group there will be individual class run during instructor hours.
