

Specialization seminar - course description

General information	
Course name	Specialization seminar
Course ID	11.3-WE-INFP-SemSpec-Er
Faculty	Faculty of Computer Science, Electrical Engineering and Automatics
Field of study	Computer Science
Education profile	academic
Level of studies	First-cycle Erasmus programme
Beginning semester	winter term 2021/2022

Course information	
Semester	7
ECTS credits to win	17
Course type	obligatory
Teaching language	english
Author of syllabus	<ul style="list-style-type: none">prof. dr hab. inż. Andrzej Obuchowicz

Classes forms

Aim of the course

Implementation of the diploma thesis under the supervision of the supervisor.

Prerequisites

-

Scope

Preparation of a diploma thesis under the supervision of a promoter. Demonstrating knowledge of the subject, mastering the scientific literature in the subject matter. Ability to use sources and to link theoretical issues to practical issues and the application of scientific methods of work.

Teaching methods

Project: working with source document, discussion, consultation.

Learning outcomes and methods of theirs verification

Outcome description	Outcome symbols	Methods of verification	The class form
Uses the knowledge of the field connected with the realization of work, selects the scientific literature in the scope of the subject and uses bibliographic sources.		<ul style="list-style-type: none">a projecta research papera written assignment	<ul style="list-style-type: none">Project
Analyzes and presents the results of own research.		<ul style="list-style-type: none">a preparation of a projecta projecta research papera written statement	<ul style="list-style-type: none">Project
Plans the experiment and conducts his own research related to the engineering problem.		<ul style="list-style-type: none">a projectan observation and evaluation of the student's practical skillscarrying out laboratory reports	<ul style="list-style-type: none">Project

Assignment conditions

Project: the condition of pass is to obtain a positive evaluation of the work related to the subject of the thesis.

Components of the final evaluation: project: 100%

Recommended reading

Literature is based on the subject matter of the diploma thesis subject.
