## Efekty uczenia się i metody weryfikacji osiągnięcia efektów uczenia się

| Opis efektu                                                                                                                                                                                                           | Symbole efektów                                                       | Metody weryfikacji                                         | Forma zajęć                                                    |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------|------------------------------------------------------------|----------------------------------------------------------------|
| Student knows the variety of approaches available in contemporary sociology and psychology useful in situations of group work and he/she is critical of them.                                                         | <ul style="list-style-type: none"><li><a href="#">K_W02</a></li></ul> | <ul style="list-style-type: none"><li>group work</li></ul> | <ul style="list-style-type: none"><li>Konwersatorium</li></ul> |
| Student is able to prepare, on his/her own, a correct written work or public speaking (also using information technology) concerning both theoretical as well as empirical issues (in Polish and/or foreign language) | <ul style="list-style-type: none"><li><a href="#">K_U07</a></li></ul> | <ul style="list-style-type: none"><li>projekt</li></ul>    | <ul style="list-style-type: none"><li>Konwersatorium</li></ul> |
| Student is able to decide on his/her own development and training directions in terms of workshop method.                                                                                                             | <ul style="list-style-type: none"><li><a href="#">K_K07</a></li></ul> | <ul style="list-style-type: none"><li>group work</li></ul> | <ul style="list-style-type: none"><li>Konwersatorium</li></ul> |

## Warunki zaliczenia

| FORM OF ASSESSMENT OF CLASSES | REMARKS |
|-------------------------------|---------|
|-------------------------------|---------|

|                                                                      |                                                                                                                                                                                          |
|----------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Grade                                                                | Yes                                                                                                                                                                                      |
| Preparation of a project of classes/training using workshop methods. | The project is an outline that contains a defined topic, purpose of the training. Appropriately chosen workshop techniques. The project can be developed individually or in small teams. |
| Group work                                                           | Cooperation while doing tasks both in the classroom and outside.                                                                                                                         |
| Criteria for grade assessment for classes.                           | Grade of the classes will be the average of the training project grade (50%) and outcomes of the group tasks (50%).                                                                      |

**The final grade is the grade of the classes**
